December 2017 Competitive Oil and Gas Lease Sale

---

This unsigned Finding of No Significant Impact (FONSI) and the attached Environmental Assessment (EA) (DOI-BLM-UT-G020-2017-0030-EA) for the December 2017 Competitive Oil and Gas Lease Sale are available for public review and comment for 30 days beginning on March 7, 2016.

Based on the analysis of potential environmental impacts in the attached EA and consideration of the significance criteria in 40 CFR 1508.27, I have determined that with applicable mitigating measures, the proposed action alternative would not result in significant impacts on the human environment. An environmental impact statement (EIS) is not required.

The decision to approve or deny the above alternative, and if appropriate, a signed FONSI with rationale will be released after consideration of public comments and completion of the EA.
